Group Whole Life Insurance at a Glance

Our Group Whole life insurance provides smart, convenient protection that also helps you achieve your financial goals.

REASONS TO CONSIDER:

MassMutual@WORK Group Whole Life Insurance provides coverage at a set premium, builds cash value over time that your Employees can borrow from¹ and pays a death benefit. Group Whole Life Insurance may be easier and more affordable than you think.

•Provides guarantees:

- Guaranteed death benefit
- Guaranteed level premiums
- Guaranteed cash-value accumulation

•Dividend eligible²

MassMutual@WORK Group Whole Life certificate owners are eligible to receive dividends. During enrollment, they'll have the opportunity to select the dividend option that fits them best. Options include:

- Cash
- Dividend accumulations
- Paid-up additional insurance

While dividends are not guaranteed, MassMutual® has paid them to eligible participating policyowners every year since 1869.

•Portable, lifelong coverage

Employees own the certificate along with the accumulated cash values and they can take it with them even if they leave the company. Additionally, if they leave the company and take their certificate with them, they can change their dividend option and choose to have their dividend payments reduce their premiums.

These benefits are not long term care insurance and may be used for any purpose. In many cases, these benefits allow access to more funds than would be available through a certificate loan or certificate cash surrender value. There from the Chronic Care Benefit. A tax advisor should be consulted regarding a request for accelerated benefits.

[1] Access to cash values through borrowing or partial surrenders will reduce the certificate's cash value and death benefit, increase the chance the certificate will lapse, and may result in a tax liability if the policy terminates before the death of the insured.

Dividends are not guaranteed. The certificate is eligible to receive dividends beginning on the second anniversary.

•Tax advantages

Whole life insurance policies offer a combination of valuable tax advantages, including:

- Generally income-tax-free death benefit
- Tax-deferred cash-value growth

•Accelerated Death Benefit Provisions

Certificate owners, can receive an advance, or acceleration, of a portion of the death benefit under the certificate, if the insured is diagnosed with a terminal illness or if the insured has a chronic illness.

- Terminal Illness: The Accelerated Death Benefit for Terminal Illness is payable when the insured meets the definition of Terminally Ill, generally diagnosed with an illness that will result in death within 12 months.
- Chronic Illness: The Accelerated Death Benefit for Chronic Care is payable when the insured meets the definition of Chronically Ill, generally having a permanent loss of two activities of daily living, or requiring substantial supervision due to permanent severe cognitive impairment.

Reducing the stress of chronic illness

MassMutual group life insurance products have a Chronic Care Benefit feature, automatically available on all new and existing group life insurance certificates.[5, 6][5, 6] This benefit can help deal with the additional costs that being Chronically Ill can bring on. It is available at no additional cost to you – and your Employees pay a fee only if they use the benefit. This accelerated benefit is neither long-term care insurance nor nursing-home care insurance, and may be used for any purpose.

A Practitioner must certify that the insured is Chronically Ill, meaning he or she:

- Is permanently unable to perform, without substantial assistance, at least two (2) Activities of Daily Living (eating, toileting, transferring, bathing, dressing, and continence) due to loss of functional capacity.
- Requires substantial supervision to protect the insured from threats to health or safety due to permanent Severe Cognitive Impairment.

Meet Charles

- Charles is 44 years old when he purchases a \$50,000 Group Whole Life certificate with the Chronic Care Benefit through his employer for a weekly premium of 18.93.
- Fifteen years later, Charles is certified as being Chronically Ill and exercises the Chronic Care Benefit.
- The Eligible Amount available for acceleration is \$37,500 (75% of death benefit).
- At 59 years old, the Present Value Fee for exercising the benefit is 18% (\$6,750).[7]
- A \$30,750 benefit is paid to Charles. Charles modifies his bathroom and adds a ramp to his house and even has money left over.
- The remainder of his Group Whole Life certificate – \$12,500 – stays in-force and the weekly premium is reduced from \$18.93 to \$5.42.

Here is how Charles's benefit is calculated:

75% of face amount	\$37,500 -
18% Actuarial Reduction	(\$6,750) =
.....	\$30,750 There are no paid-up additions*,
certificate debt, or unpaid premiums.	

*If the paid-up additions dividend option is chosen, annual dividends are used to purchase paid-up additional insurance. Paid-up additions add to the certificate's death benefit and total cash value. If this option is chosen, the additional insurance will also receive dividends. **In this example, Charles did not choose the paid-up addition option. If he had accumulated paid up additions, the Eligible Amount for the Chronic Care benefit would be greater.** Dividends are not guaranteed. Certificate owners are eligible to begin receiving dividends beginning on the 2nd certificate anniversary.
(Additional footnotes continued on next page.)

[6]The acceleration of the death benefit is intended to be tax advantaged under §101(g) of the Internal Revenue Code. The Employee must be chronically ill, as defined in 26 USC 7702B. Certificateowners should seek tax advice from their tax advisor regarding an acceleration of their death benefit. Receipt of accelerated death benefits may be taxable.

Accelerating the payment of your death benefit may affect your eligibility for public assistance programs, including MEDICAID and SUPPLEMENTAL SECURITY INCOME ("SSI"). Contact the Medicaid Unit of the local Department of Public Welfare and the Social Security Administration Office for more information.

[7]The fee for the Chronic Care Benefit is a present value adjustment shown as a percentage of the Eligible Amount for the Chronic Care Benefit. The percentage depends on the Employee's age at the time the benefit is exercised: 18% for ages 45 and above; 27% for ages 44-35; 36% for under age 35.

The power of the dividend

- As a mutual life insurance company, Massachusetts Mutual Life Insurance Company (MassMutual®) does not have shareholders. Instead, the company operates for the benefit of its participating policyowners, certificateowners, and members. As a result, MassMutual's participating whole life policy/certificateowners are eligible to receive annual dividends. Dividends are determined annually and are subject to change.
- Although dividends are not guaranteed, MassMutual has paid dividends every year since 1869.
- MassMutual@Work Group Whole Life certificates are eligible to receive dividends beginning on the second anniversary.
- The potential for dividends are an added benefit to an Employee's whole life policy on top of the protection it provides. A participating whole life policy could yield hundreds of dollars in dividends over time, unlike a non-participating policy.

2021 CASH DIVIDENDS PAID⁸

- \$50,000 Face Amount
- 50-year-old male, non-smoker
- If purchased in 2020, annual premium is \$1,380 annual premium
- No additional riders and purchased in year listed

Year purchased	Dividends paid in 2021
2021	\$0
2020	\$0
2019	\$182
2018	\$185
2017	\$188
2016	\$191

Whole Life policy with paid up additions

MassMutual@Work group whole life certificate owners may receive their dividends in cash or choose an alternate dividend option from the following:

- Leave on deposit to accumulate interest
- Purchase paid-up additional whole life insurance (PUAs)

The PUA dividend option is by far the most common among MassMutual's certificate owners. Using dividends to purchase paid-up additional whole life insurance will increase the total death benefit and cash value over time. The additional insurance will also be eligible to receive dividends. Additionally, if employees leave the company and take the certificate with them, they can change their dividend option and choose to have their dividend payments reduce their premiums.

⁸The chart reflects the dividend paid in 2021 based on the MassMutual@Work Group Whole Life certificate

purchased in the calendar year noted on the chart's legend. This information represents an actual policy dividend paid in 2021. Actual dividend amounts received will vary based on the dividend schedule at the time of receipt, and certain certificate criteria such as gender, underwriting class, face amount, premium amount and length of time the certificate is in force.

Initial enrollment

The initial enrollment will be offered to all eligible Employees. Employees who become eligible subsequent to the initial enrollment of the plan will be eligible for either Guaranteed Issue, and/or Express Issue as defined during the timing and frequency agreed upon by MassMutual and the Employer.

Subsequent enrollments

Subsequent enrollments are typically held annually, however, alternate timing and/or frequency may be agreed upon by MassMutual and the Employer. Available underwriting for Employees will vary based on their status:

- 1.Newly eligible Employees: Guaranteed Issue, and/or Express Issue
- 2.Existing certificate holders: Remainder of Guaranteed Issue and up to the maximum available for Express Issue
- 3.Late Enrollees previously offered that did not elect coverage, previously declined or previously purchased and lapsed coverage: Express Issue

Electronic enrollment

Technology has dramatically simplified our day-to-day lives. Whether business or personal – digital interaction has replaced traditional methods because it's easier, faster and more efficient – and nowadays, it's what consumers have come to expect. That's why MassMutual provides an electronic enrollment platform that's effective for Employers and their Employees.

MassMutual's electronic enrollment platform provides:

- An easy way for Employees to learn about and choose their benefits
- A streamlined, quicker enrollment process – especially for multiple products
- Real-time data that makes it easy to monitor enrollment progress
- Availability of an enrollment support team
- Better accuracy that means not needing to reengage Employees after submitting enrollment forms

Enrollment strategy best practices

HR/Producer engagement is key to success

- A census is required for MassMutual to provide personal and multi-channel communications
- Group and 1x1 meetings with Employees increase engagement and response
- Record voice drop message from leadership

Online tools and calculators increase employee engagement and response

- Driving Employees to content online will provide education content to aid in making their decision
- Providing access to the MapMyBenefits tool will increase engagement

Campaign materials

- Email campaign with link to consultation scheduling software & electronic enrollment site

Acceptance of this proposal by Quest Benefits Northwest

Thank you for taking the time to review MassMutual's proposal. Before signing, please read the following carefully:

- This proposal is contingent on MassMutual Underwriting (Home Office) final approval.
- This proposal is contingent upon and subject to the development of a viable enrollment strategy agreed upon by the Employer, the producer(s), and MassMutual. MassMutual reserves the right to modify or renegotiate this proposal at any time if the Employer and/or producer fail to comply with any aspect of the agreed upon enrollment strategy or if the group census changes by more than 20% from the date of this proposal to the date of the enrollment.
- Overall results, including without limitation, plan design, enrollment strategy, participation, persistency and claims experience will be reviewed periodically. This proposal will remain valid subject to favorable review by MassMutual. We will provide 90 days' advance notice of any anticipated change to this proposal.
- A requirement of this proposal is the use of MassMutual's electronic enrollment platform.
- Each product offered requires a minimum of ten insured certificates in order for that group policy to be issued and target participation requirements must be met for guaranteed issue rules to apply.
- MassMutual must receive written acceptance of this proposal within 180 days. MassMutual may withdraw or update the proposal prior to acceptance.
- The enrollment must begin within 180 days of the signed acceptance of this proposal.
- This offer requires employees to remit premiums directly to MassMutual for all employee paid coverage and their dependents.
- The offer is contingent upon the termination of any existing voluntary Group Whole Life Insurance plan, any prior plan payroll deduction and a commitment to not sponsor any other voluntary Group Whole Life Insurance plan no later than the effective date of the MassMutual Group Policy.

Failure to meet or adhere to these requirements may null and void the offer.

Next Steps

To accept the terms of this proposal and request that the enrollment process begin as described in the proposal, you will need to complete and sign the Group Application and return all pages. The next two documents are the Acknowledgement of Disclosures and the Group Application. For ERISA plans, please, complete the Acknowledgement of Disclosure and sign indicating receipt of the form. There is a short FAQ on ERISA plans before the Acknowledgment, however, if you are uncertain, you may continue to the Group Application. If needed, you will have an opportunity to revisit the Acknowledgement during the implementation meeting.
